*Tesla owners may have discovered an Easter egg that the EV community could really get behind. As it turns out, Tesla has hidden a rather unique way to access its vehicles' charge ports through a voice command. A voice command which proves that Tesla definitely has a clear idea of its vehicles' anatomy.*

*After countless documented samples of abuse and a number of tragic accidents, Tesla is finally implementing some real driver monitoring system (DMS) improvements for their Level 2 semi-automated Autopilot system, supplementing the inadequate method of detecting a*
